A.Ş (“Organik Kimya Turkey”), Organik Kimya Netherlands B.V. (“Organik Kimya Netherlands”), and Organik Kimya US, Inc. (“Organik Kimya US”) (collectively, “Organik Kimya” or “Defendants”), hereby allege as follows:

INTRODUCTION

1. Rohm and Haas brings this action against Organik Kimya for patent infringement. JURISDICTION AND VENUE

7. This is an action for patent infringement arising under the patent laws of the United States, 35 U.S.C. § 1 et seq., and the Declaratory Judgment Act, 28 U.S.C. §§2201 and 2202.

8. This Court has subject matter jurisdiction under 28 U.S.C. §§ 1331 and 1338(a) because this action arises under the patent laws of the United States.

9. This Court has personal jurisdiction over Organik Kimya. Organik Kimya US is a Delaware corporation and has a registered agent for the purposes of, *inter alia*, accepting service of process in the State of Delaware. Organik Kimya Turkey and Organik Kimya Netherlands are foreign entities with sufficient minimum contacts from placing infringing products within the stream of commerce of the United States to be within the personal jurisdiction of this Court. Organik Kimya Turkey and Organik Kimya Netherlands have

additional contacts to this District because they sell and/or consign infringing products to Organik Kimya US, which resides in this District, with the knowledge that they will be sold, transferred, and/or used in this District. Thus, exercise of jurisdiction over Organik Kimya will not offend traditional notions of fair play and substantial justice. Such an exercise is consistent with the Delaware long-arm statute, 10 Del. C. § 3104.

10. Organik Kimya does business in this District, including providing products that are used, offered for sale, sold, and/or that have been purchased in this District. Organik Kimya US resides in this District. Venue is proper under 28 U.S.C. §§ 1391(b), (c), (d) and 1400(b).
